## MSUD Basic valve plug A-18mm cable top exit

PUR 3x0.75 bk UL/CSA 1.5m

Form A (18 mm) 24 V AC ±20% / DC ±25% LED

**Z-Diode** 

Further cable lengths on request.

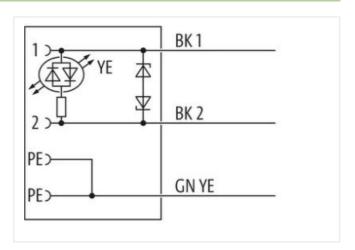

Plastic housings with good resistance against chemicals and oils.

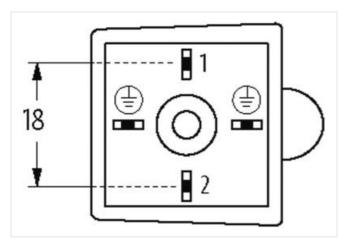

The resistance to aggressive media should be individually tested for your application. Further details on request.

| Operating temperature min.  Operating temperature max. | 85 °C                                                                                                                                                 |
| Additional condition temperature range                 | depending on cable quality                                                                                                                            |
|                                                        | asponding on odolo quality                                                                                                                            |
| Important installation notes                           |                                                                                                                                                       |
| Note on strain relief                                  | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.                                                   |
| Note on bending radius                                 | <b>Attention:</b> Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |
